Portfolio : Red Team | **GitHub :** Meet01234 | **Location :** Ahmedabad, Gujarat – 380059

Objective

Cybersecurity VAPT Intern with 1 year of experience in web application security, vulnerability assessment, penetration testing, and security research. Hands-on experience identifying and analyzing security vulnerabilities using Burp Suite, Nmap, Wireshark, and Metasploit. Familiar with OWASP Top 10, API security, network reconnaissance, vulnerability exploitation, and security reporting.

Experience

PSY9 SECURITY – VAPT Intern

November 2025 – Present

- Perform Web Application Vulnerability Assessment and Penetration Testing.
- Conduct Reconnaissance, Enumeration, and Vulnerability identification.
- Test Web Application for common security vulnerabilities, including SQL Injection, XSS, IDOR, CSRF, and Authentication Bypass.
- Utilize Burp Suite, Nmap, Wireshark, and Metasploit for security testing.
- Analyze vulnerabilities, assess their severity using CVSS, and document findings.
- Prepare structured security assessment reports with vulnerability details and remediation recommendations.

Technical Skills

- **Web Application Security :** OWASP Top 10, SQL Injection, XSS, SSRF, IDOR, CSRF.
- **Penetration Testing Tools :** TCP/IP, DNS, HTTP/HTTPS, OSI Model, Subnetting, Wireshark.
- **Operating Systems :** Kali Linux, Ubuntu, Windows, Linux CLI.
- **Security Methodologies :** Reconnaissance, Enumeration, Exploration, Vulnerability Assessment, CVSS Scoring, Reporting.

Projects

→ **Web Application Bug Hunting Checklist :**

- Created a structured checklist for identifying common web application vulnerabilities.
- Covered reconnaissance, authentication, injection attacks, access control, API security, and business logic testing.
- Documented testing procedures and security assessment workflows.

→ **Security Assessment Practice – Ongoing :**

- Practiced penetration testing methodologies in authorized lab environments.
- Performed reconnaissance, enumeration, vulnerability identification, and exploitation.
- Analyzed findings and prepared security assessment reports.

Education

- **MCA –** Ganpat University | 08/2023 – 05/2025 **CGPA :** 9.0
- **BCA -** Bhakta Kavi Narshinh Mehta University | 07/2020 – 05/2023 | **CGPA :** 8.7

Certificates

- **Certified Cyber Security Analyst (C3SA)** Cyberwarfare Labs | Oct 2026
- **Cyber Security Job Simulation** Deloitte | Jun 2026
- **Certified Cybersecurity Foundations (CORE)** Hackviser | Jul 2026
- **Cybersecurity Analyst Job Simulation** TCS via Forage | Mar 2026
